ASAC

The American Subcontractors Association of Colorado (ASAC) will continue to be recognized as the leading association fostering a collaborative business environment in the construction industry. Membership, including professional constructors, suppliers, and service providers, will work together to enhance and raise the standards in the industry.

ASAC membership is organizational versus individual. Your membership applies to your entire company. There is no limit to how many of your employees become active participants in the association.

ADVOCACY

Partnership Coalition is a committee that delivers 'big picture' advocacy on behalf of construction subcontractors, its suppliers and partners.

Partnership Coalition consists of the partners that contribute to, support and fund the mission and purpose of the Committee as well as the Committee team that facilitate the partnerships

Advocacy at every level of government and before state and local municipalities.

ASAC protecting the rights of subcontractors and the construction industry and committed to fair and equitable public policy reform.

EDUCATION

Setting a new and elite standard for management training and advanced business knowledge in the construction industry.

Business Practice Interchange. It's easy to get smart. A forum for the exchange of business information among members.

Contractor Breakfast Interchange/CBI. Discover client opportunities. An opportunity to become better acquainted with the premium general contractors in Colorado.

Business Best Practices. Learn from the experts, hear from the pros that give you the answers you need. This series is offered in combination with CBI and is an elite networking & education event.

Human Resource Risk Management. Managing employees your most valuable asset. Managing employee risk is an ever changing, constant challenge and is a direct correlation to your profitability. Facilitated by Employment Law Attorney members of the ASAC Attorney's Council.

Contract Study. Be your own best advocate in contract negotiations. Contract study is facilitated by a prestigious construction law attorney selected from the ASAC Attorney's Council.

Website. Information when you need it & how you need it. ASAC website and member only resources provide the information you need for daily business and construction management. Delivering the resources to develop, manage and execute an elite safety program.

RISK MANAGEMENT

The ASAC Health & Safety Program delivers behavior based safety training, education and resources that creates a lifestyle of wellness on and off the job.

Safety Certification Training. Scheduled bi monthly and/or is available to members at their location hosted by Preferred Safety Consulting.

Safety Seminars. Conducted in a half day seminar delivering a 'True Story'. Focus is on current OSHA initiatives, by appointment.

OSHA 10 and OSHA 30. Offered on an as needed basis. Safety Seminars and OSHA 10/30 hosted by Preferred Safety Consulting/Preferred Safety Products.

ASAC Safety Dividend Program. Delivering an ROI to ASAC Members. Supported by Moody Insurance
