The American Subcontractors Association, Inc. (ASA) is a national trade association representing subcontractors, specialty trade contractors and suppliers in the construction industry. ASA members work in virtually all of the construction trades and on virtually every type of horizontal and vertical construction on both public and private construction. They rely on the protection that surety bonds provide should a general contractor become financially incapable of paying its subcontractors.

The National Association of Surety Bond Producers (NASBP) is a national trade association whose membership includes firms employing licensed surety bond producers placing bid, performance and payment bonds throughout the United States and its territories.

The Surety & Fidelity Association of America (SFAA) is a trade association of more than 450 insurance companies that write the vast majority of surety and fidelity bonds in the United States, is a licensed rating or advisory organization in all states, and is designated by state insurance departments as a statistical agent for the reporting of surety and fidelity insurance.

State	Citation	Summary of Law	Surety Bonding Requirements	State Little Miller Act
<b>Alabama (1996)</b>	Ala. Code § 23-1-81; § 23-1-92	The law authorizes county commissions and the state DOT to license private entities to establish or operate toll roads, toll bridges, free bridges, ferries, free ferries, or causeways.	County projects require performance bonds in an amount equal to double the amount of the contractor's bid.  <b>Excerpt:</b> <b>“Section 23-1-92. Advertisement for contract bids - Requirement.</b> No contract where the estimated cost of the work will exceed \$250.00 shall be made ... only to the lowest reasonable and responsible bidder for such work, who shall enter into bond in double the amount of such bid, conditioned for the proper performance of such contract according to the plans and specifications and within the time prescribed by the order of the county commission of such work, which bond shall be approved by the judge of probate of said county.”	Ala. Code § 39-1-1
<b>Alabama (2009)</b>	Ala. Code §§ 23-2-140 to 163	The law authorizes the Alabama Toll Road, Bridge and Tunnel Authority to enter into agreements for design-build, design-build-operate, design-build-own-operate or design-build-own-operate-maintain contracts, or other similar arrangements or agreements. The law also allows for leases, licenses, franchises, concessions or other agreements for the development, operation, management or undertaking of all or any part of a project.	There are no specific bonding provisions in this P3 bill.	Ala. Code § 39-1-1
<b>Alabama (2017)</b>	Ala. Code § 23-1-40 (Effective	The law authorizes the Department of Transportation to enter into P3s for	There are no specific bonding provisions in this P3 bill.	Ala. Code § 39-1-1

			percent of the total amount payable by the terms of said contract. Such bond shall be duly executed by a qualified corporate surety, conditioned for the faithful performance of the contract according to the terms thereof, and, in addition, shall provide that, if the contractor or his subcontractors fail to duly pay for any labor, materials, motor vehicle or team hire, sustenance, provisions, provender, or other supplies used or consumed by such contractor or his subcontractor or contractors in performance of the work contracted to be done, the surety will pay the same in an amount not exceeding the sum specified in the bond, together with interest at the rate of eight percent per annum.”	
<b>Colorado (2006)</b>	Colo. Rev. Stat. §§ 43-3-301 to 304	The law sets forth the requirements for private toll road or toll highway companies.	There are no specific bonding provisions in this P3 bill.	Colo. Rev. Stat. § 38-26-101 and §§ 38-26-105 to 38-26-110
<b>Colorado (2008)</b>	Colo. Rev. Stat. § 32-9-128.5	The law authorizes special districts to use P3s.	There are no specific bonding provisions in this P3 bill.	Colo. Rev. Stat. § 38-26-101; §§ 38-26-105 to 38-26-110
<b>Connecticut (2011)</b>	Conn. Gen. Stat. §§ 4-255 to 263	The law authorizes the use of a P3 for public works projects, including transportation projects. Until Jan. 1, 2020, the Governor may approve up to five P3s.	The law provides that the P3 agreement must include provisions for performance and payment bonds or other security deemed suitable by the agency.  <b>Excerpt:</b> “Any partnership agreement executed in accordance with the provisions of sections 4-255 to 4-263, inclusive, shall include, but not be limited to, the following terms and conditions: (8) Performance and payment bonds or other security deemed suitable by the agency;”	Conn. Gen. Stat. §§ 49-41 to 43

<b>State</b>	<b>Citation</b>	<b>Summary of Law</b>	<b>Surety Bonding Requirements</b>	<b>State Little Miller Act</b>
<b>Delaware (1995)</b>	Del. Code Ann. §§ 2-2001 to 2012	The law authorizes P3s for transportation projects. The Secretary of Transportation is authorized to enter into agreements with private entities to study, plan, design, construct, lease, finance, operate, maintain, repair and/or expand transportation systems.	No surety bond requirement.	Del. Code Ann. § 29-6962
<b>Delaware (2018)</b>	Del. Code Ann. Title 22 Chapter 6, §670; Title 22, Chapter 1, §117	This enabling law allows county and municipal governments to enter into P3s for public lands through a lease, concession agreement, easement, or license agreement. The law does not specify the projects that may be undertaken as a P3 or any procurement requirements.	There are no specific bonding provisions in this P3 bill.	Title 29 §§ 6913, 6961 & 6962
<b>Delaware (2018)</b>	HCR 76	The resolution provided the legislature's approval of the proposed final agreement or transaction between the Diamond State Port Corporation and GT USA Wilmington, LLC, as required under existing law. The resolution authorizes the Diamond State Port Corporation Board of Directors to enter into a lease for an up to 50-year concession to operate the Port of Wilmington and Edgemoor under the terms outlined in the resolution.	One of the conditions requires GT USA Wilmington, LLC to provide a minimum \$15 million, two year, renewable and continuous letter of credit or surety bond to guarantee concession fees and contract performance. <b>Virginia (2015)</b>	Va. Code Ann. § 67-1503	The law establishes the Virginia Solar Energy Development Authority and authorizes it to use P3s for public facilities and infrastructure to provide for solar energy generation systems at or adjacent to public and private facilities.	involve construction;” The P3 bonding requirements under the Public-Private Education Facilities and Infrastructure Act of 2002 (Va. Code Ann. § 56-575.1 et seq.) apply to these projects. See above.	Va. Code Ann. § 2.2-4337
<b>Virginia (2015)</b>	Va. Code Ann. § 33.2-1830	The law provides for the creation of the Interstate 73 Transportation Compact, which allows the Commonwealth to enter into an agreement for developing and conducting the Interstate 73. As part of the Compact, the law permits participating states to coordinate for establishing a common legal framework in all those states to authorize and facilitate the design, construction financing and operation of the Interstate 73 corridor project or through P3s similar to those authorized in the Commonwealth’s P3 laws for transportation projects (see above). The law also establishes the Transportation Compact Commission in each participating state for the Interstate 73 corridor project.	There are no specific bonding provisions in this P3 bill.	Va. Code Ann. § 2.2-4337

<b>Washington (2018)</b>	RCW §§53.08.005, 53.08.370, and 53.08.380	The law allows port authorities to enter into P3 for wholesale telecommunications services and infrastructure.	There are no specific bonding provisions in this P3 bill.	Wash. Rev. Code § 39.08.010
<b>West Virginia (2008)</b>	W.Va. Code §§ 17-27-1 to 18	The law authorizes the DOT to use P3s for the construction of any transportation facility, which is any public inland waterway port facility, road, bridge, tunnel, overpass or existing airport used for the transportation of persons or goods, and the structures, equipment, facilities or improvements to such facilities.	The law provides that the comprehensive agreement must provide for performance and payment bonds on the construction portion of the project for qualifying transportation facility. The law permits the Division of Highways to determine the form and amount for the bonds that would be satisfactory.  <b>Excerpt:</b> § 17-27-9. Comprehensive agreement. “The comprehensive agreement shall provide for: (1) Delivery of performance or payment bonds in connection with the construction of or improvements to the qualifying transportation facility, in the forms and amounts satisfactory to the division;”	W. Va. Code § 38-2-39

<b>(1965)</b>	9 § 2001 to 2021	Transportation Authority or the Department of Transportation and Public Works is empowered to contract with private parties to design, construct, operate and maintain new highways, bridges, avenues, expressways and ancillary transit facilities, and informative electronic signboards or billboards.	There are no specific bonding provisions in this P3 bill.	Works, Chapter 3, Public Works Contracts, §§ 47 to 58
<b>Puerto Rico (2003)</b>	PR Laws Title 27 §§ 2601 to 2623	The law establishes the Public-Private Partnership Authority as an entity of the Government Development Bank. It empowers the authority to establish P3s for infrastructure projects and makes the authority the sole government entity responsible for implementing public policy on P3s as set forth in this act. The law provides guidelines for evaluating, approving, contracting for and overseeing P3 projects. Final approval of P3 contracts is required from the governor.	A partnership contract shall contain, insofar as applicable, provisions concerning the kind of bond or security to ensure compliance with the partnership contract.
