American Subcontractors Association of Colorado (ASAC) announces the addition of the Chapter Development Officer. This position is held by Peter Scifo, Owner/President of OBS Consultants and is a position that is held in conjunction with ASAC Membership Development and Education Committee.

The purpose of the ASAC Chapter Development Officer is to develop the resources and organization of ASAC to enhance the education, networking and advocacy resources and benefits to ASAC members. Pete will serve as a consultant to the organization to include staff and leadership and committees and councils of ASAC.

Over the past 18 months, Pete has played an integral part in the reorganization and development of ASAC. Thanks to 80+ members who chair, vice chair and sit on one of 5 committees and 15 councils, ASAC is developing partnerships through the Business Trades Advocacy Committee and their Industry Partnership, Community Partnership and Legislative Advocacy Councils; Health & Safety Committee is ever growing education, training and resources; Member Development Committee is participating in the industry and business community in real tangible ways; and Education Committee through its Attorney's Council, Business Development Council and General Contractor Council are raising the bar in education and project management offerings.

According to Executive Director, Debra Scifo, *"All of this makes me thankful and appreciative that Pete can help ASAC facilitate and develop this structure designed to deliver elite resources and benefits to our members. It is a herculean effort that has been met and exceeded due to leadership and members that are nothing short of amazing. Pete will help us maintain the momentum, smooth the rough edges and continue to challenge us to step up and meet member needs."*

Pete can be reached at PScifo@OBSConsultants.com , 303.717.8113 (c) or 720.638.1954 (o).

ASAC invites the industry to 'check us out' by visiting any of the upcoming events. Visit www.ASAColorado.com and go to [Calendar of Events](#) or review the [ASAC Homepage](#) for new and exciting offerings. Or call us at 303.759.8260.

ASAC was founded in 1973 and is the "Voice of Colorado Subcontractors" delivering education, networking and advocacy through outcome based benefits and services.
